

# OAK CROWN COLLECTION

Our most prestigious collection, Oak Crown, is the most impressive replica of an authentic antique aged floor.

No artificial or synthetic colourings are used, instead the timber is smoked, washed and rinsed intensely to achieve its natural appearance and exquisite patina.

Available in a range of classical colours, the boards feature a distinctive discolouration around the knots, enhancing the natural character of the wood.

A key feature is the undulating surface and subtle height differences, giving the overall floor an incomparable antique effect.
