

OAK HERITAGE COLLECTION

Our Heritage range captures the rustic charm of an authentic, antique floor, but it is made to order to meet the most up-to-date construction specifications.

Available in wide boards and parquet, this rich coloured, flooring is specifically suited to historic buildings or warehouse conversions, but can equally serve as a statement floor in any modern setting.

Textured grain enhances the feeling of authenticity of these aged floors, loved by 'purists' and architectural specialists in heritage buildings. Available in engineered Planks, Herringbone or Versailles Panels.
