

OAK LANDMARK COLLECTION

By planing rather than sanding the plank surface, we tear open the Landmark oak grain creating a distinctive lively appearance in the veins of the wood.

This refined collection has many bespoke options and an array of colours achieved by a combination of smoking specialist treatments and the application of pigmented oils.

Available in wide boards up to an impressive 385mm width, various parquets and opulent panels, this collection gives you the opportunity to create your own unique floor.
