

OAK MAGMA COLLECTION

To carve out its deep texture and enhance the natural grain of the wood, every single plank of this floor is hand-torched and brushed, giving it a magnitude of character.

Furthermore, the timber is bleached or weathered before different oils are applied to further enhance the surface and tone. This collection is available in a range of striking colours; from ash white with grey undertones, to rich browns and scorched blacks.

This is a luxurious floor perfect for adding texture and character to the foundation of your scheme.

A selection of swatches – more colours available

GRADES, CERTIFICATION AND INSTALLATION

GRADES:

- SELECT - knots up to 20mm, no sapwood
- NATURAL - knots up to 40mm, sapwood allowed
- RUSTIC - knots larger than 40mm, sapwood allowed
- MIX - boards or herringbone pieces are a mix of two grades (Natural/Rustic, Select/Natural, etc...)

INSTALLATION:

Only when high quality timber boards are fitted by specialist, skilled installers do they become a beautiful floor. Our clients expect nothing less than the high standards we demand from our installers. Learn more on our website.

SUSTAINABLE FLOORS

Wherever possible, we purchase from timber mills that manufacture floorboards using ecological sustainable production processes. The majority of our timber collections are certified against the FSC® or PEFC chain of custody standard. We believe that our timber suppliers' on-going investments and innovations will benefit us all and we are proud to be actively supporting their businesses. Learn more on our website.
