

# OAK MOORLAND COLLECTION

Go back centuries with the Moorland collection. Wooden flooring that pushes the concept of an aged appearance to the maximum.

Inspired by the great cathedrals and castles of Europe, this rich floor catches the eye with flamed colour effects on roughed up spots, and hand-scraped edges. Every plank tells a story of time passing and past.

Each plank is scraped to create an apparently rough surface. A wire wool treatment ensures the planks are actually smooth to the touch.

Coloured oil brings out the flaming colour effects in damaged areas.
