

OAK SOHO AND LASLETT

Core-smoking and thermo-heating methods result in a selection of delicious rich chocolate and coffee toned oak floors.

These heat treatments change the colour of the timber from within giving it a consistent dark tone, which not only gives the floor its distinctive luxurious colour, it also provides true longevity as the colour goes through and through. A natural oiled finish enhances the richness of colour.

Choose a black oiled version for a sumptuous bold statement floor, or a white oiled version to really showcase the grain of the timber.

Available in brushed finish for an additional £5/m2

SOHO BOARDS - all prices are per m2 and exclude VAT

GRADES, CERTIFICATION AND INSTALLATION

GRADES:

- SELECT - knots up to 20mm, no sapwood
- NATURAL - knots up to 40mm, sapwood allowed
- RUSTIC - knots larger than 40mm, sapwood allowed
- MIX – boards or herringbone pieces are a mix of two grades (Natural/Rustic, Select/Natural, etc...)

INSTALLATION:

Only when high quality timber boards are fitted by specialist, skilled installers do they become a beautiful floor. Our clients expect nothing less than the high standards we demand from our installers. Learn more on our website.

SUSTAINABLE FLOORS

Wherever possible, we purchase from timber mills that manufacture floorboards using ecological sustainable production processes. The majority of our timber collections are certified against the FSC® or PEFC chain of custody standard. We believe that our timber suppliers' on-going investments and innovations will benefit us all and we are proud to be actively supporting their businesses. Learn more on our website.
