

OAK URBAN COLLECTION

Our Urban collection is available in a variety of lovely contemporary colours achieved by applying different natural chemicals which react with the timber, instead of only applying pigments to the surface of the plank.

The result is a collection of refined colours which enhance the natural tones found within the oak itself.

As with most of our floors they are compatible with under-floor heating and fully acoustic compliant, these floors are available in wide board planks, herringbone or chevron, engineered or traditional solid.

A selection of available swatches:

- Brushed surface: additional £5
- Reclaimed look: additional £10
- Broken edges: additional £5
- Chevron: additional £10 on Herringbone prices

GRADES, CERTIFICATION AND INSTALLATION

GRADES:

- SELECT - knots up to 20mm, no sapwood
- NATURAL - knots up to 40mm, sapwood allowed
- RUSTIC - knots larger than 40mm, sapwood allowed
- MIX – boards or herringbone pieces are a mix of two grades (Natural/Rustic, Select/Natural, etc...)

INSTALLATION:

Only when high quality timber boards are fitted by specialist, skilled installers do they become a beautiful floor. Our clients expect nothing less than the high standards we demand from our installers. Learn more on our website.

SUSTAINABLE FLOORS

Wherever possible, we purchase from timber mills that manufacture floorboards using ecological sustainable production processes. The majority of our timber collections are certified against the FSC® or PEFC chain of custody standard. We believe that our timber suppliers' on-going investments and innovations will benefit us all and we are proud to be actively supporting their businesses. Learn more on our website.
