

OAK LANDMARK COLLECTION

By planing rather than sanding the plank surface, we tear open the Landmark oak grain creating a distinctive lively appearance in the veins of the wood.

This refined collection has many bespoke options and an array of colours achieved by a combination of smoking specialist treatments and the application of pigmented oils.

Available in wide boards up to an impressive 385mm width, various parquets and opulent panels, this collection gives you the opportunity to create your own unique floor.

GRADES, CERTIFICATION AND INSTALLATION

GRADES:

- SELECT - knots up to 20mm, no sapwood
- NATURAL - knots up to 40mm, sapwood allowed
- RUSTIC - knots larger than 40mm, sapwood allowed
- MIX – boards or herringbone pieces are a mix of two grades (Natural/Rustic, Select/Natural, etc...)

INSTALLATION:

Only when high quality timber boards are fitted by specialist, skilled installers do they become a beautiful floor. Our clients expect nothing less than the high standards we demand from our installers. Learn more on our website.

SUSTAINABLE FLOORS

Wherever possible, we purchase from timber mills that manufacture floorboards using ecological sustainable production processes. The majority of our timber collections are certified against the FSC ® or PEFC chain of custody standard. We believe that our timber suppliers' on-going investments and innovations will benefit us all and we are proud to be actively supporting their businesses. Learn more on our website.
