

OAK POLAR WHITE

Oak Polar White is a clean and modern pale floor which provides the perfect foundation for a pared-back 'Scandinavian' design scheme.

With a light and even look it is far from stark and still exudes a natural feel. Choosing a 'select' grade of timber can further emphasise the minimal aspect of this floor, but it is also available in rustic versions if the required look is more natural and homely.

These floors are often the choice of architects looking to match the majestic Douglas Fir, but who require a durable floor with low maintenance requirements.

BOARDS - all prices are per m2 and exclude VAT

BOARDS - Engineered 16mm thickness

| WIDTH | GRADE | CERTIFICATION | CONSTRUCTION | PRICE |
|--------------|---------|---------------|----------------------|---------|

GRADES, CERTIFICATION AND INSTALLATION

GRADES:

- SELECT - knots up to 20mm, no sapwood
- NATURAL - knots up to 40mm, sapwood allowed
- RUSTIC - knots larger than 40mm, sapwood allowed
- MIX – boards or herringbone pieces are a mix of two grades (Natural/Rustic, Select/Natural, etc...)

INSTALLATION:

Only when high quality timber boards are fitted by specialist, skilled installers do they become a beautiful floor. Our clients expect nothing less than the high standards we demand from our installers. Learn more on our website.

SUSTAINABLE FLOORS

Wherever possible, we purchase from timber mills that manufacture floorboards using ecological sustainable production processes. The majority of our timber collections are certified against the FSC ® or PEFC chain of custody standard. We believe that our timber suppliers' on-going investments and innovations will benefit us all and we are proud to be actively supporting their businesses. Learn more on our website.
