

# Oak Abbey

---

This range features genuinely reclaimed oak. For wood lovers who appreciate a floor that celebrates timber's full character.

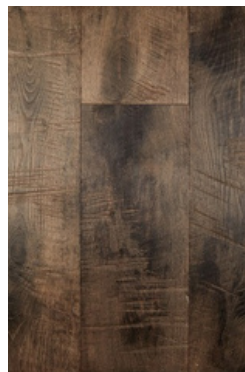

**Quin, Fore, Cleeve** and **Ennis** are all rustic mixed-width floors with pronounced colour variations and a heavily brushed oak top layer made from reclaimed timber, salvaged from train wagons. The distinctive horizontal claw marks are optional.

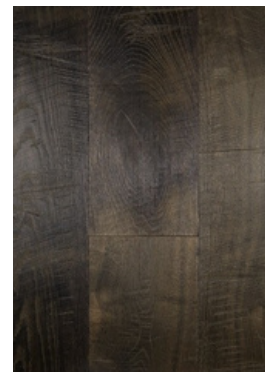

Quin

Fore

Cleeve

Ennis

### Planks: £164m<sup>2</sup>

Mixed widths only: 160/185/220mm

Thickness available: 16mm

Duplex engineered timber

Prices do not include VAT or delivery

---

**Mill, Tally** and **Bretton** are rustic floors with a top layer of matt, tactile reclaimed oak, also salvaged from train wagons, and featuring open or larger low-filled knots and natural shakes. Unsound knots are finished with neat round oak infills. The planks have rounded edges and a slightly undulating surface.

Bretton

Mill

Tally

### Planks: £224m<sup>2</sup>

Mixed widths only: 170, 190, 210, 230, or 250mm

Thickness available: 20mm with undulating surface

Duplex engineered timber

Prices do not include VAT or delivery

# Technical Specifications

<b>SPECIES</b>	European oak
<b>CERTIFICATION</b>	Not Certified
<b>APPLICATION</b>	Commercial and residential (Indoor)
<b>CONSTRUCTION</b>	Solid or Duplex engineered 4 or 6mm top layer oak
<b>BEVEL</b>	Hand scraped as standard
<b>INSTALLATION TECHNIQUE</b>	Nail, glue bonding or floating
<b>SUITABLE FOR UFH</b>	Yes, when duplex engineered
<b>FIRE CLASSIFICATION</b>	EN: 13501: Dfl-S1
<b>THERMAL CONDUCTIVITY</b>	0.119-0.17 $\lambda$ W/mK
<b>HARDNESS</b>	4,982 N (Janka)

Timber floors are easy to care for, please call us for further information on the best way to look after your floor.

Timber is a living material. A wooden floor, although no longer growing as part of a tree, is still very much part of its environment. As such, it responds to the light, temperature, humidity and wear to which it is exposed.

As the floor ages the colour of the wood will mellow and change. This is a natural process that occurs as the surface of the wood is exposed to oxygen in the air and to ultraviolet light from the sun. Painted surfaces, upholstery, furniture and rugs all undergo this same process over time.

After a number of years, you may wish to have the floor surface sanded down and refinished. You could then choose to re-oil the floor or have it stained first or even refinished in lacquer.
